

Term 5 - Nature

Knowledge Organiser

This term, we will be learning about 'Nature'.
This knowledge organiser has all the key information the children need to know by the end of the term. It would be great if you could share and discuss this with your child on a regular basis.

Key Pictures

Key Information

- A **caterpillar** sheds its skin several times.
- Butterflies** taste with their feet.
- Butterflies** live for around 2-4 weeks.
- Frogspawn** (eggs) are laid in a group.
- A **frogs** life cycle takes between 12 to 16 weeks.
- Frogs** have ears just behind their eyes.
- Hens** incubate eggs by sitting on them to keep them warm.
- Chicks** use their beak to get out of the egg.
- Chickens** have their own language of over 30 chicken sounds.
- It takes around 90 days for a **sunflower** to be fully grown.
- When a **sunflower** dies, the seeds fall from its head into the ground.
